(List additional witnesses in narrative.)

Nature of Allegation(s): Throughout the past couple of
years, I have witnessed Scott Haynes
work as an off duty officer for my
Grandmother, Dorothy Rogers. I have never
seen a more active and willing to help
off duty officer than Scott, and I can
attest to working at least 6-8 off duty
deputy's with my grandmother (Dot Rogers.)

My involvement with hiring off duty
deputy's has been very active because I
am a manager of SKIRPAN PROPERTIES LLC,
and my grandmother has been the CEO until
earlier (March) in 2015. SKIRPAN PROPERTIES

was established in 2003 when my grandmother set up her end of life plans. None of these plans have changed in the past 12 years except my grandmothers removal from the business this year 2015.

This year, my grandmother has been told by myself, Mike Skirpan (her son & other manager of SKIRPAN PROPERTIES), her CPA, and attorney, TO NOT BE INVOLVED IN THE BUSINESS.

My concern, and families concern, is that my grandmother pays Scott Haynes under the table and he has empowered her to believe the following:

- She can not and will not be arrested for Driving without a license. My grandmother should not be driving because of catarax (poor to no eyesight), inability to walk, documented moderate dementia, and all of this can be proven with her medical records. Scott Haynes was paid \$200 to vouch for my grandmother that she can drive. Our ENTIRE family is seriously concerned and Scott is out of line to involve himself with my grandmother simply because she paid him. Grandma told me Scott was paid \$200 to vouch for him.

Next, my grandmother is NOT to be hiring Scott to help with the East Gate Park. She has no ownership and I have multiple complaints about her and Scott helping enforce rules. This must stop immediately. My uncle and LLC partner Mike SKIRPAN, have not authorized it.

The last point to make is that my grandmother, Dot Rogers, is suffering from moderate dementia. This has made her: paranoid, aggressive, threatening, and it has been incredibly difficult to deal with. She may not be aware of the problems she is creating and our family is unified in trying to seek help for her. Our family feels intimidated because grandma believes Scott Haynes will act if paid money and is scared that I, or another family member will be accused or arrested by Scott Haynes because he is a mercenary for my grandmother.

All of my family is unified and available for comment.

One other aspect that I must mention, is that Scott Haynes has also been with my grandmother to her attorney and involved himself in family affairs that are not the duty of a civil servant. He was with my grandmother when she told her attorney that she was going to kill me. My grandmother has now threatened every member of my family but has threatened me the most. She has told me that Scott makes her "above the law," and that he will arrest me for no reason whenever she pays him. She also has continually threatened to kill me. This is documented and is due to her dementia. We are seeking medical help and our family is having an extremely difficult time that is only compounded by Scott's unnecessary involvement in family affairs.
